October 8, 2007

Dear Mark,

On behalf of the South Carolina State Government Improvement Network Executive Committee, I thank you for presenting your "Leadership Lens" and "Perspective is Everything" seminars in support of our fall training event. Your mastery in blending your creative photographs and unique accomplishments as a professional photographer, your travel experiences throughout the world, and your insights into the critical behaviors associated with leadership success and maintaining a work/life balance, made for a very educational, interesting and entertaining event.

Following your presentations I heard several participants mention how much they enjoyed your seminar. They totally concurred with the need for leadership to demonstrate passion in the workplace, support risk taking, treat people with respect, and for the importance of self-reflection. The participants also spoke about their desire to re-focus their own lives, in order to create a better balance between their work and their personal lives.

Through your seminars you have brought us a much broader perspective of what is truly important in our personal lives and also in the workplace. We again thank you for sharing your knowledge and experiences with us. Please be sure to let us know if we can ever be of assistance to you. Thank you!

Sincerely,

  
Clive G. Monjo  
Chair, SCSGIN
